WHO WE ARE

About Our *Company*

Lumina Earth Minerals is a Pakistan-based mineral export company built on reliable sourcing, quality standards and international trade.

We source premium minerals directly from Pakistan's richest mining regions — including the renowned Khewra Salt Range and our network of partner mines and processing facilities — and supply them to importers, manufacturers, distributors and wholesalers around the world.

Our portfolio spans Himalayan Salt, Bentonite, Limestone, Antimony, Nephrite Jade, White Quartz, Silica Sand and Copper, with further minerals available on request. Every shipment is inspected for consistent quality, specification accuracy and export-readiness.

We are registered with the Pakistan Chamber of Commerce and work exclusively with B2B clients, providing traceable sourcing, custom packaging, private labeling and end-to-end export logistics.

APPLICATIONS

Food & Culinary

Spa & Wellness

Decorative Lighting

Animal Nutrition

Industrial De-icing

PACKAGING OPTIONS

✓ 25 kg / 50 kg PP bags

✓ Jumbo bags (1 ton)

✓ Custom retail pouches

✓ Private label cartons

KEY HIGHLIGHTS — PINK SALT GRADE

- ✓ Sourced from the Khewra Salt Range
- ✓ Suitable for food, décor & wellness applications

- ✓ Available in block, granule or powder form
- ✓ Private label & retail packaging available

SOURCING NOTE

*Mined from a 600-million-year-old marine deposit.*LAB REPORTS & SAMPLES
AVAILABLE ON REQUEST

INDUSTRIAL MINERAL

02 / 08

Bentonite

Khewra Range, Punjab, Pakistan

One of our flagship export minerals — premium bentonite from the Himalayan Khewra range, lab-tested for high silica and alumina content with ultra-low chloride and sulfur impurities.

CATEGORY

Industrial Mineral

ORIGIN

Khewra Range,
Punjab

FORMS

Crushed · Powder ·
Raw lump

APPLICATIONS

Oil & Gas Drilling Mud

Foundry Sand Binder

Construction Sealants

Pet Litter Manufacturing

Wastewater Treatment

PACKAGING OPTIONS

- ✓ 25 kg / 50 kg PP bags
- ✓ Jumbo bags (1 ton)
- ✓ Bulk loose (truck / container)

KEY HIGHLIGHTS — PREMIUM GRADE

- ✓ Sourced direct from the Himalayan Khewra range
- ✓ Ultra-low chloride and sulfur content
- ✓ Independently lab-tested for silica & alumina
- ✓ Proven in foundry binding & civil sealing

SOURCING NOTE

*High swelling capacity and low impurity content.*LAB REPORTS & SAMPLES
AVAILABLE ON REQUEST

INDUSTRIAL MINERAL

03 / 08

Limestone

Punjab & Khyber Pakhtunkhwa, Pakistan

Reliable limestone supply for construction aggregate, cement manufacturing and industrial processing — quarried from Pakistan's Punjab and Khyber Pakhtunkhwa limestone belts.

CATEGORY

Industrial Mineral

ORIGIN

Punjab & Khyber
Pakhtunkhwa

FORMS

Lump · Crushed ·

High-CaCO₃ White

APPLICATIONS

Cement Manufacturing

Construction Aggregate

Steel Flux

Soil Conditioning

Glass Manufacturing

PACKAGING OPTIONS

- ✓ 50 kg PP bags
- ✓ Jumbo bags (1 ton)
- ✓ Bulk loose (truck / container)

KEY HIGHLIGHTS — WHITE LIMESTONE

- ✓ Quarried from Punjab & Khyber Pakhtunkhwa
- ✓ High CaCO₃ content for cement-grade use
- ✓ Calibrated lump, crushed or powdered form
- ✓ Custom sizing to buyer specification

SOURCING NOTE

*Consistent CaCO₃ content for cement-grade use.*LAB REPORTS & SAMPLES

METALLIC MINERAL

04 / 08

Antimony

Balochistan, Pakistan

Export-grade antimony ore from Pakistan's mineral-rich Balochistan deposits, supplied to international buyers for smelting and alloy production.

CATEGORY

Metallic Mineral

ORIGIN

Balochistan

FORMS

Ore lumps

GRADE

60%+ Sb

APPLICATIONS

Flame Retardants

Lead-Acid Battery Alloys

Semiconductors

Ammunition Alloys

Glass & Ceramics

PACKAGING OPTIONS

- ✓ Jumbo bags (1 ton)
- ✓ Bulk loose (truck / container)
- ✓ Custom export crating

KEY HIGHLIGHTS – ANTIMONY ORE, EXPORT GRADE

- ✓ 60%+ Sb (antimony) content
- ✓ Sourced from Balochistan mineral deposits
- ✓ Suitable for smelting & alloy production
- ✓ Assay documentation available on request

SOURCING NOTE

Stable supply chain with assay documentation.

NATURAL STONE

05 / 08

Nephrite Jade

Gilgit-Baltistan, Pakistan

Premium natural nephrite jade from the mineral-rich mountains of northern Pakistan, available for decorative, gemstone and collectible markets.

CATEGORY

Natural Stone

ORIGIN

Gilgit-Baltistan

FORMS

Rough · Semi-polished

GRADE

Gem-Grade Rough

APPLICATIONS

Gemstone Cutting

Decorative Carving

Collectible Specimens

Jewelry Manufacturing

PACKAGING OPTIONS

- ✓ Protective crated boxes
- ✓ Individually wrapped pieces
- ✓ Bulk rough lots

KEY HIGHLIGHTS — NEPHRITE, GEM-GRADE ROUGH

- ✓ Sourced from Gilgit-Baltistan, northern Pakistan
- ✓ Supplied rough or semi-polished
- ✓ Graded by tone & translucency
- ✓ Suitable for carving, cutting & collecting

SOURCING NOTE

Natural rough stone, graded by tone and translucency.

NATURAL MINERAL

06 / 08

White Quartz

Khyber Pakhtunkhwa, Pakistan

High-purity white quartz for glass manufacturing, industrial silica applications and decorative landscaping or surface use.

CATEGORY

Natural Mineral

ORIGIN

Khyber Pakhtunkhwa

FORMS

Raw lump · Crushed to mesh

GRADE

99.97% SiO₂

APPLICATIONS

Glass Manufacturing

Silica Sand Production

Decorative Aggregate

Ceramics & Refractories

PACKAGING OPTIONS

- ✓ 50 kg PP bags
- ✓ Jumbo bags (1 ton)
- ✓ Bulk loose (truck / container)

KEY HIGHLIGHTS – QUARTZ LUMP, HIGH PURITY

- ✓ 99.97% SiO₂ purity
- ✓ Low iron contamination
- ✓ Sourced from Khyber Pakhtunkhwa
- ✓ Supplied raw or crushed to custom mesh size

SOURCING NOTE

*High SiO₂ purity with low iron contamination.*LAB REPORTS & SAMPLES
AVAILABLE ON REQUEST

INDUSTRIAL MINERAL

07 / 08

Silica Sand

Punjab & Sindh, Pakistan

Laboratory-tested silica sand in multiple grades for industrial use, with custom mesh sizing, washing, grading and bulk export packaging.

CATEGORY

Industrial Mineral

ORIGIN

Punjab & Sindh

FORMS

Washed · Graded ·
Custom mesh

GRADE

Up to 99.6% SiO₂

APPLICATIONS

Glass Manufacturing

Foundry Operations

Water Filtration Media

Ceramics Production

Construction Materials

PACKAGING OPTIONS

- ✓ 25 kg / 50 kg PP bags
- ✓ Jumbo bags (1 ton)
- ✓ Bulk loose (truck / container)

KEY HIGHLIGHTS — GRADES AVAILABLE

- ✓ White silica sand — above 98% SiO₂
- ✓ Very low iron (Fe₂O₃: 0.018%) in brown grade
- ✓ Brown silica sand — 95.57% SiO₂
- ✓ Laboratory-tested, custom mesh sizing

SOURCING NOTE

Up to 99.6% SiO₂ in our premium white grade.

METALLIC MINERAL

08 / 08

Copper

Balochistan, Pakistan

Copper ore and concentrate from Pakistan's mineral regions, supplied for smelting, refining, electrical and industrial applications.

CATEGORY

Metallic Mineral

ORIGIN

Balochistan

FORMS

Lump ore ·
Concentrate

GRADE

Ore & Concentrate

APPLICATIONS

Copper Smelting

Electrical Manufacturing

Metal Alloy Production

Industrial Fabrication

PACKAGING OPTIONS

- ✓ Jumbo bags (1 ton)
- ✓ Bulk container shipment
- ✓ Custom export packaging

KEY HIGHLIGHTS – COPPER ORE & CONCENTRATE

- ✓ Sourced from Balochistan
- ✓ Available in lump or concentrate form
- ✓ Suitable for smelting & refining
- ✓ Grade confirmed per order with documentation

SOURCING NOTE

High-value metallic mineral with strong export potential.

LAB REPORTS & SAMPLES
AVAILABLE ON REQUEST

BEYOND BULK MINERALS

Salt Home & *Wellness Range*

Alongside our bulk mineral exports, we supply finished Himalayan salt products for retail, wellness and animal nutrition markets — all available with private label and custom packaging.

EDIBLE SALT

Pink Salt Grains

Culinary-grade Himalayan pink salt, from cooking use to private label retail packs.

ANIMAL PRODUCTS

Animal Lick Salt

Natural salt lick blocks for livestock, rich in magnesium and trace minerals.

SALT LAMPS

Custom Shape Salt Lamps

Custom-made designs for hotels, spas and interior décor markets.

SALT LAMPS

Natural Salt Lamps

Compact natural lamps for desks and small spaces.

SALT BRICKS

Pink Salt Bricks

Architectural-grade bricks for salt walls, spa rooms, saunas and cooking.

PRIVATE LABEL

Your brand, our salt

Every product in this range can be packed and labeled to your design — see the six-step process on page 14.

SOURCED ON REQUEST

Additional Minerals *We Can Source*

Beyond our core catalog, our sourcing network across Pakistan's mineral-rich regions lets us arrange supply of additional ores and industrial minerals on inquiry.

INDUSTRIAL MINERAL

Bauxite

For alumina refining, aluminium production and refractory applications.

INDUSTRIAL MINERAL

Calcium Fluoride

Fluorite for steel, cement and chemical manufacturing flux applications.

METALLIC MINERAL

Lead Ore

For smelting and industrial lead production; grades confirmed per order.

METALLIC MINERAL

Chrome Ore

For ferrochrome, stainless steel and refractory use, subject to mine availability.

VOLCANIC MINERAL

Pumice Stone

Lightweight mineral for construction, abrasives, cosmetics and horticulture.

ON INQUIRY

Other Industrial Ores

Share your specification and target quantity — our sourcing team will confirm availability.

RARE & PRECIOUS METALS

Iridium & Osmium

Through our specialized sourcing network we can facilitate inquiries for iridium and osmium — among the rarest metals on Earth, used in high-performance electronics, aerospace components and catalytic applications.

Availability, quantity, purity and documentation are confirmed per inquiry.

Supply of the minerals on this page is arranged per inquiry and is subject to availability, applicable export regulations and, for rare or precious metals, additional verification and documentation. Contact our team with your specification, quantity and destination for a formal quotation.

WHAT WE OFFER

End-to-End *Export Services*

01

Bulk Mineral Supply

Export-grade minerals in custom quantities for industrial, wholesale and manufacturing needs.

02

Custom Packaging & Private Label

Flexible packaging, private labeling and product customization for your market.

03

Global Export & Logistics

Worldwide air and sea freight, LCL and FCL, shipped from the Port of Karachi.

04

Quality & Compliance

Consistent quality standards, export documentation and inspection support.

PRIVATE LABELING — SALT PRODUCTS

Our Six-Step Private Label Process

1

Inquiry

Share product type, quantity & destination country

2

Quotation

Confirm pricing, packaging & MOQ details

3

Label Approval

Buyer provides label or sticker design

4

Packing & Labeling

Packed and labeled to the approved design

5

Order Confirmation

Final weight check and packing list review

6

Dispatch

Shipped with full export documentation

Packaging

Pouches · Bulk export bags · Eco-friendly options

Labeling

Your logo & design · Sticker labels · Product info labels

Pack Sizes

Fully customizable to your needs
